

RUBBER FABRICATION DIVISION

ABOUT US:

Rubber Fabrication is one of three operating divisions of the Nott Company. Along with the Fluid Power and Industrial Products divisions, we have been servicing customers with manufactured and distributed products since 1879. Now in our third century, we carry on our commitment to provide products and services which meet and exceed our customers' requirements.

WHO DO WE SERVE:

Based in Arden Hills, Minnesota, with manufacturing locations in Burnsville and Princeton, Minnesota, the Rubber Fabrication Division serves customers in 40 states and 12 countries in the industrial, transportation, packaging, electronics, heavy equipment, recreational, custom manufacturing, food and pharmaceutical, medical, building and construction, and consumer markets.

APPLICATIONS:

- Gasketing
- Insulating
- Sealing
- Cushioning
